Education Background

Bachelor's Degree **(2024 - 2026)**
KMUTNB
Faculty of Industrial Technology and Management
Major in Information Technology (ITI)
GPA: 3.51

Diploma Vocational Certificate **(2022 - 2024)**
Thai-Austrian Technical College
Major in Information Technology
Specialization in Computer Software Development
GPA: 3.67

Vocational Certificate **(2019 - 2022)**
Thai-Austrian Technical College
Major in Business Computer
Specialization in Business Computer
GPA: 3.78

Work Experience

Smart Government Letter Assistant System (Bachelor's Final Project) **April – July 2026**

Developed a web-based document management system for creating official letters, managing templates, and exporting PDF/Word documents. Implemented using PHP, MySQL, JavaScript, Python (FastAPI), and REST API, including authentication, database management, and document processing.

M CONCRETE CO, LTD. / Software Developer (Trainee) **April – May 2026**

Developed internal mobile applications using Flutter, translating requirements and Figma designs into functional UI screens. Independently learned Flutter and applied it to develop multiple request and data-entry modules, including Customer Account, Department Request, Mixed Design Request, and Customer Credit Request. Collaborated with the team to ensure the applications met organizational requirements and provided a consistent user experience.

Senior Aerospace (Thailand) Limited. / Software Developer (Trainee) **October 2023 – February 2024**

Developed and maintained internal web applications based on employee requirements, covering Front-End, Back-End, and Full-Stack Development. Worked with HTML, PHP, JavaScript, MySQL, C#, ASP.NET Core MVC, and SQL Server, and developed and tested RESTful APIs using Swagger. Designed database structures, system workflows, flowcharts, and UX/UI prototypes using Figma, while planning and tracking tasks according to project requirements and timelines. Participated in daily meetings, gathered requirements, and resolved development issues across three small and one major project, including an internal request system.
